

To the 2020 Daniel Morgan graduates: I am incredibly proud of you. I am sure that you will do great things in your future. Nothing would have made me prouder than to have watched each of you receive your diplomas, but unfortunately, I can only share my best wishes for your futures virtually. We have faced many challenges together in this journey and I could not have asked for a more engaged and enthusiastic group of students to travel with. I have learned so much from you, and I hope that I have given you the tools to think critically, to analyze the world around you, and to discover innovative solutions to difficult problems. Now, it's your turn to go out and use them to make this world better.

Please keep in touch and let me know what you are doing, and do not hesitate to call on me if I can help you in the future.
